

TENEMENT 67

[a broken dreams larp]

SETTING DOCUMENT (7)

MC-JOB'S AND OPPORTUNITIES 2040

The world is large and there are many individuals and organisations who make it what it is. This set of documents are intended to provide some additional information on some of the significant personalities, lifestyles and fashions of 2040. The intention is to assist you the player or crew member in “getting into” the setting being created.

It has been created in collaboration with both the players and design team so please be respectful when using some of this source material for character inspiration.

A MC-JOB 2040

“Come get it!

Come get your Ouroboros hot dogs here!

Only 1 new pound”

Ouroboros the market leaders in recycling made a fortune in 2036 when they developed the technology to reconstitute waste bio matter into edible proteins.

The Ouroboros Dog™ was their first and most successful product. Later products such as O chilli, O potato chips, O candy and O beans have been as equally as successful, becoming part of many a tenement dwellers regular diet.

2040 has seen new investment in the chain, more vending machines and now the door to door franchise options!

“Do you have a passion for selling, doing what it takes to fill your quota?

Do you want to make it rich and dream of a place in Tower One?

Well become an O franchise today and see your dreams come true.”

Ouroboros and O are registered trademarks, under food laws passed in 2035 the O corporation are not required to declare the contents of their products.

AND XIAN ENTERPRISES**

The background of the entire page is a deep-sea mining operation. It features a large, complex structure with various levels and platforms. The lighting is a mix of deep blue and bright yellow, creating a dramatic and industrial atmosphere. The structure appears to be built into or around a rocky seabed.
